

GARDEN REVITALIZATION DAY

Nominate Your Garden!

"We're organizing volunteer gardening teams this season. If you'd like help with weeding, pruning, planting, or general garden cleanup, we'd love to assist. Any member can request a visit, whether you need a major refresh or just an extra pair of hands." It's a social activity, a skill sharing opportunity, and a community service project.

Whether you're dealing with health issues, travel, family responsibilities, physical limitations, seasonal membership or simply like quality time in your garden with friends, our club volunteers are here to help.

If you could use an extra set of hands...

Our volunteers can assist with:

Weeding, pruning, planting, dividing plants, mulching, general garden cleanup, removal of dead plants, clean up and straighten edging.

How It Works

- One member garden will be selected each month. (Oct. – May)
- Volunteer club members will work together to help revitalize the garden.
- Participation is completely voluntary.
- All members are welcome to nominate their own garden.

Interested?

Request forms will be available at all board and member meetings., in our monthly newsletter and on our website.

Completed request forms may be turned in to any Garden Revitalization Committee Member. Co-Chair Donna Ferchen, Co-Chair Doris Rohner, Terri McDonald, Shay Cross, Scarlet Bergner, Cecelia Chulpis, Danny Green Ex-Officio .

Nominate your garden today

"Neighbors helping neighbors create beautiful gardens and a stronger community."
